

## *Make-A-Wish 2006*

In honor of our customers and investors, this holiday season we have sponsored a wish through the Make-A-Wish Foundation<sup>®</sup> of Wisconsin. A wish come true is a special type of medicine for children with life-threatening medical conditions. It provides a positive focus during a difficult time and creates happy memories the entire family cherishes.

Rachel is five years old. She enjoys riding her bike and playing with Play-Dough. She loves all the Disney characters but her favorite is Buzz Lightyear from "Toy Story," a movie she wants to watch every day. Rachel wished to go to Walt Disney World<sup>®</sup> Resort and to see Cinderella's castle.

Rachel's *one special wish* came true this November when a surprise limo picked up Rachel, her parents, sisters and twin brother and took them to the airport! The family spent seven magical days in Florida where they visited Magic Kingdom<sup>®</sup> Park, Disney's Animal Kingdom<sup>®</sup> Theme Park, Disney-MGM Studios, Universal Orlando and SeaWorld. Rachel also enjoyed a special breakfast with the boys - Mickey, Donald Duck, Goofy and Pluto - in Disney's Animal Kingdom<sup>®</sup> Theme Park at Restaurantosaurus.

They also relaxed by the pool, ate lots of ice cream and enjoyed fun activities at Give Kids The World Village, a special resort just for wish kids. Rachel's wish was definitely filled with fun and memories to last a lifetime!

Warmest Wishes and Happy Holidays,

Professional Hospitality, LLC
