

2008 - MAKE-A-WISH

For the past several years, on behalf of our many valued investors and customers, we have helped you bring the excitement of the Holidays to a child with very special needs. Even with so much uncertainty this year, we still feel that a donation in your honor to the Make-A-Wish Foundation helps to keep the spirit of the Holidays alive. Make-A-Wish provides a special type of medicine for children with life threatening medical conditions. It provides a positive focus during a difficult time and creates happy memories that the entire family cherishes.

Through a donation on your behalf, a sweet out-going child with a very bubbly personality will see her special wish become a reality. Four year old Skyler from Watertown, Wisconsin loves spending time with her family, playing games like Hi-Ho Cherry-O and watching her favorite movie Peter Pan. She dreams of some day being a singer or dancer just like one of her favorite TV characters, Hannah Montana. Skyler, along with her family, will spend seven magical days this spring aboard the Disney Cruise Lines in the Caribbean with a special stop at Castaway Cay - Disney's own private island paradise.

To update you on the many wishes fulfilled through our support to the Make-A-Wish Foundation on your behalf, we have added a special section to our company web site www.prohospitality.com.

Warmest Wishes and Happy Holidays,
